

Call for Paper (Special Issue)

Dear Colleagues,

We will publish the special issue '**Electromagnetic phenomena associated with earthquakes and volcanoes**' in **Physics and Chemistry of the Earth**. The participants of IWG03 session at AOGS 2007 in Bangkok, Bilateral Seminar Italy-Japan on Electromagnetics in Seismic and Volcanic Area, and IWSEP207 can submit the paper related with their presentation to the special issue. The deadline of the submission will be **January 31, 2008**.

Authors should check the journal website for details on the preparation of their manuscript: http://www.elsevier.com/wps/find/journaldescription.cws_home/413/description#description

It is also important that authors bear the following in mind when preparing their manuscripts.:

- * wide margins
- * numbered lines
- * double spacing
- * 12 font lettering
- * figures and tables in separate files - not incorporated in the text.

Please send their manuscripts to Chief Guest Editor, Prof. Hayakawa (Do NOT SEND to the Physics and Chemistry of the Earth directly).

Guest Editors of the special issue are as follows;

Dr. Masashi Hayakawa (The University of Electro-Communications, Japan)

Dept. of Electronic Engineering

Univ. of Electro-Communications

1-5-1 Chofugaoka, Chofushi, Tokyo, Japan 182-8585

TEL: +81-42-443-5159 / FAX: +81-42-443-5168
